

PESTREPELLER

CP919 Pestrepeller

The Pestrepeller chases mice, cockroaches, fleas, ants and most common household pests away from their shelters safely and effectively.

The Pestrepeller will not interfere with home electronic appliances and is not harmful to humans and normal pets because the ultrasonic sound waves are out of the range of hearing.

Suitable for use within:

- homes
- restaurants
- stores
- warehouses

SPECIFICATION:

Frequency range: 21,000 Hz to 25,000 Hz

Effective range: up to 100 square metres
